Technical Specifications

Seal Material: Port Size: Orifice Size: Valve Type: Flow Coefficient: Maximum Operating Pressure: Body Material: Power Supply Voltage: Maximum Fluid Temperature: Specifications Met: Function: NBR G 1/4 8 mm 3/2 way 20 l/min 15 bar Anodized aluminium 24V DC +75°C Pilot seat in FKM. NORMALLY CLOSED ATEX Specifications Met: Coil Power Consumption: Port Type: Electrical Connection: Actuation Type: Media: Minimum Operating Pressure: Minimum Fluid Temperature: Coil Temperature Range: Insulation Class: Coil Specifications Met:

-9W PIPE MOUNTING 2 P + E plug according to EN 175301-803 type A PILOT OPERATED Oils, air, neutral gases 1 bar -10 °C -40°C +50°C

-40°C +50°C H 180 °C CE - VDE - EAC
