| Accessories        | 5 and 6 |

## Features

- Suitable for measuring pressures and converting the measured values into electrical signal variables in hydraulic systems
- EMC properties allow the use of this pressure switch also in critical applications
- Ceramic / capacitive sensor
- Connecting cable with 4-pin M12 plug on housing
- Accuracy class 1.0
- Connection thread G1/4
- Parts in contact with media are made of stainless steel, ceramic and FKM
- Compact design
- One switching output and one analogue output

## Ordering code

|                                     |                            |  |                         | 04 POL (without cable) <sup>1)</sup> | R900779509 |

<sup>1)</sup>Type of protection IP68

### Hydraulic fitting:

| Designation | Material no. |
|-------------|--------------|
| AB 20-28    | R900012451   |

## Accessories (continued)

### Mounting clamp for HEDE 10

| Designation    | Material no. |
|----------------|--------------|
| Mounting clamp | R900786138   |

### Protective cap for HEDE 10

| Designation        | Material no. |
|--------------------|--------------|
| Protective cap M12 | R900786141   |
